

ADVICE GIVEN TO H. S. GRADUATES

An Annual Baccalaureate Address Dr. D. L. Thomas Tells Class to Stand For the Right. CHURCH FILLED TO CAPACITY. Many Persons Were Unable to Gain Admittance and Returned to Their Homes.

With an earnest appeal for a higher moral standard of living Dr. D. L. Thomas, pastor of the First M. E. church delivered an impressive address Sunday evening at the Baccalaureate service of the 1912 graduating class. The services were held at the First Baptist church which was crowded to overflowing with the relatives and friends of the class and a large number were not able to find a place in the auditorium. The Seniors occupied the first few seats in the middle section and immediately back of them were the members of the Junior class. The church was beautifully decorated with cut flowers and palms. An excellent musical program was given. An anthem by the choirs of the different churches was greatly appreciated. A solo by Miss Addie Gasaway was well rendered in her usual excellent manner. Rev. F. M. Huckleberry, pastor of the First Baptist church, pronounced the opening prayer and the Scripture lesson was read by Rev. H. Knauff, pastor of the German M. E. church. In his sermon of the evening Dr. Thomas showed the effect of Christianity upon the world and gave examples from the Bible as proof of his assertions. He pointed out that before the coming of Christ womanhood was not respected as today and that if it had not been for the Messiah women would have no place in the educational system and could have no part in such a baccalaureate service. He showed that in the nonchristianized countries little respect is paid to woman and it is only after the nations have heard the teachings of Christianity that woman is raised to the queenly position to which she rightfully belongs. He advised the girls of the class to stand for the right in all phases of life and to become leaders for good in the professional or social world or wherever the future might take them. The speaker told the boys that the world was waiting for leaders of the right sort and that as soon as they had proven themselves worthy of positions of trust and honor they would have no difficulty in getting an opportunity to fill such places. He urged them to make an effort to do their best and to become leaders in whatever vocation they might choose. He pointed out that in the professional pursuits there is plenty room at the top and that if they should become lawyers, physicians or farmers they should work to acquire the highest place their vocation afforded. No pull is needed, the speaker said, to get the best positions for such places are always open for the men who are ably equipped to fill them. The speaker emphasized the fact however, that a special effort should be made by the members of the class to equip themselves so that they can fill the position when presented. Dr. Thomas stated that the best rule of life is to live right. Oftentimes it may appear that dishonest and unscrupulous men will force their way ahead of those who are living according to the rules of right and justice, but that in the end honesty will win although the process may seem long. He gave a number of examples showing where men succeed where they live according to the rule of right and justice while others who had not adopted the highest standard of life had failed. Dr. Thomas' advice was brought out clearly and with force and presented to the members of the class right standards of living which they will long remember.

DOG WAS EXPENSIVE.

Damage Suit for Killing Hound Settled in Circuit Court.

The song "You Got to Quit Kickin' My Dawg Aroun'" does not announce a correct principle of law, according to the jury's verdict in the case of C. C. Trueblood against John Christopher which was settled in the circuit court the latter part of last week. The plaintiff ask damages from the defendant for shooting his English fox hound, and in the justice's court was awarded sixty dollars. The defendant appealed the case to the circuit court, and the jury held that the defendant was justified in killing the animal. The dog was killed several months ago while hunting with the plaintiff in the neighborhood of the defendant's farm in Jackson township. Mr. Christopher heard the dog running about near his house and shot him. The case was heard before Squire Blish but was appealed.

After all the expenses are paid the dog will be an expensive animal. The hound was valued at about seventy-five dollars, and the court costs will total about \$100. By the time the attorneys' fees are paid the entire amount will run up to nearly \$300.

POLICE COURT

Three Are Arrested for Intoxication And Are Fined.

Since Saturday evening three arrests were made for public intoxication. About six o'clock the police were notified that a man was in an intoxicated condition in the east part of the city and that his actions were not becoming in public. They made a hurry up trip to the place from which the report came and found John Herecamp in an intoxicated condition. He was arrested and fined \$1 and costs.

William Woods and John Smith were also found intoxicated and pleaded guilty. They were fined the usual \$1 and costs. The fines of all three of the men were stayed.

Card of Thanks.

We desire to express our sincere thanks to all our friends who expressed their sympathy and rendered assistance at the burial of our son, Gaylord. Their kindness will always be appreciated.

Mr. and Mrs. Irwin Ross.

W. H. M. S. Meeting.

The regular meeting of the Woman's Home Missionary Society of the First M. E. church will be held at 2:30 o'clock Tuesday afternoon at the home of Mrs. John W. Conner on North Chestnut street.

The Barlow Studio will close June 29th until October 1.

THE CITY GARDENER

FACTORIES LOOK FOR GOOD SEASON

Several Local Companies Will Enlarge and Improve Plants During the Summer Months.

PAST YEAR WAS PROSPEROUS.

Blish Milling Company Making Improvements to Increase The Storage Capacity.

From present indications business in Seymour from the manufacturers' standpoint will be exceptionally good this fall and winter. During the past few months the local factories have had all the business that they could handle and expect many large orders before the close of 1912.

Several of the local factories are making improvements and additions to their plants in order to take care of the increased business which is expected. Several of the factories will close down as usual during the summer months in order that the machinery may be repaired and the plants be in best condition for the rush season.

The Hodapp Hominy Co. is erecting a large addition to their mill and this will be completed in time to take care of the fall business. With the new addition the company will have a larger capacity and will be able to handle the business better than ever before.

The Blish Milling Co. is making extensive improvements in order to increase the capacity for storing wheat. The mill closed down Saturday night and will not resume running operations again until the last of next month or the first of July when the new wheat will begin to come in.

In order to complete the improvements and changes which are under way the workman will be busy up to the time the mill begins running. On the main building which now has three stories and a basement an additional story will be built and the building will also be enlarged. The structure at the present time is 40 by 60 feet and when the improvements are completed it will be 56 by 60 feet. Part of it is now made with imitation brick wall and this will be torn away and replaced with brick.

The wheat cleaning machinery which is now in the elevator department will be installed in the new building. By this arrangement more room will be given for storing the grain. The company now has three large tanks with a capacity of 300,000 bushels of wheat, but two additional tanks will be erected. The five tanks will then be enclosed so that the space between the tanks can be used. By this arrangement the company will have facilities for storing about 400,000 bushels of wheat.

The Seymour Wood Working Company is getting their factory ready for the new machinery which will arrive here in a few days. Much of the machinery was purchased in the east and it will probably be a week before it arrives in Seymour. As soon as it gets here, however, it will be installed so that the plant can begin operation.

A number of workmen are making several changes and improvements in the building so that there will be no delay in installing the machinery. The boiler and engine have been overhauled and placed in good condition. A number of repairs have also been made on the electric light system with which the building is equipped. When the new machinery arrives it will take considerable time to install and adjust it and it will probably be sixty days before the factory is opened.

Commencement Tickets.

The seats for commencement will be placed on sale at Andrews Drug Store Tuesday morning at 9 o'clock.

T. R.'S FORCES DIVIDED ON MOVE

Some of Roosevelt's Leaders Are Not in Favor of Contesting Delegates In This County.

LOOKING TOWARDS THE FUTURE

R. G. Tucker Gives Review of Situation as Seen From Headquarters In Indianapolis.

The attempt of the Roosevelt forces to get control of the Fourth congressional district by contesting the Taft delegates of Jackson and Jennings counties is attracting considerable attention.

R. G. Tucker, who keeps in touch with the political situation of Indiana has the following story in the Cincinnati Enquirer Sunday:

Imbued with the belief that Colonel Roosevelt is going to land the Presidential nomination at the Chicago convention, his radical followers in Indiana are getting ready to run wild on the bases. The more conservative ones are showing a disposition to permit the members of the regular organizations to eat out of their hands if they will be real good.

As far as the ancient order of brethren are concerned they appear to realize that the last ditch has been reached and that they must go to Chicago prepared to fight for their existence. There are many indications that the conservatives among the Roosevelt contingent in this state are preparing to take over the organization by some process of benevolent dictatorship.

(Continued on Page 4, Column 4.)

AUTO LEAPS FROM BRIDGE INTO LAKE

Five Unknown Passengers Meet Death In Sunday Accident At Chicago.

POLICEMEN GAVE WARNING.

Machine Going Thirty Miles An Hour Drops From Draw Bridge Into Water.

Chicago, May 20.—Five persons, three men and two women, were drowned yesterday, when the automobile in which they were riding plunged into the Calumet river at the Ninety-second street bridge.

None of the names of the victims has been learned by the police and only one of the bodies has been recovered.

One of the women jumped into the river as the embankment was reached, according to a watchman. Her body was recovered. The woman was apparently twenty-four years old, and the initials "A. M." were on a bracelet worn by her.

The automobile which was going about thirty miles an hour, turned completely over as it went into the river. One of the men swam for several minutes. The watchman threw a life preserver to him, but he did not see it and went down.

A policeman two blocks from this open draw bridge shouted a warning at them. Unheeding, the joy party sped on, passing two other bluecoats who waved and shouted that the bridge was open.

Near the bridge a fourth policeman stood guard. He ran into the street, lifted his night stick and shouted. The chauffeur saw the danger when less than a score of feet from the open draw. He made a quick turn with the wheel, choosing in a brief instant to run head-on into a stone abutment rather than to plunge his car and its passengers into the river. His action served only to throw the car halfway round and, skidding sideways, it crashed through the safety chain, turned over in the air, and the screaming occupants were silenced as the water closed over them.

G. A. R. CONVENTION

South Bend Ready to Greet Three Thousand Veterans.

South Bend, Ind., May 20.—The vanguard of the three thousand or more delegates to the department Grand Army of the Republic encampment are already here and everything is in readiness for the formal opening tomorrow. South Bend is ablaze with patriotic colors in honor of the veterans coming, and only propitious weather for the next few days is needed to make the fifty-third annual reunion a success. The first delegates to arrive were welcomed today.

Not only will the Indiana G. A. R. meet here for three days but the Women's Relief Corps, the Ladies' Auxiliary of the G. A. R., the Sons of Veterans and the Ladies' Auxiliary of the Sons of Veterans as well. The number of delegates will be about three thousand, but several thousand visitors in addition are expected on Wednesday and Thursday, which will be the big days of the encampment.

# WEBSTER'S

## NEW REVISED DICTIONARY COUPON

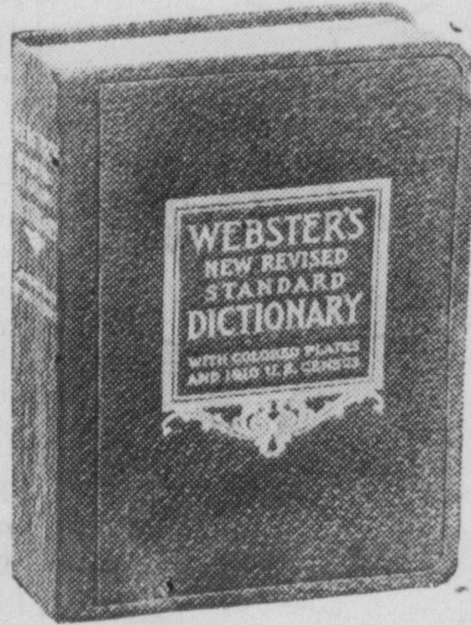

READ FULL PARTICULARS BELOW

MONDAY, MAY 20, 1912.

Six coupons of consecutive dates constitute a set.

Cut out the above coupon, and five others of consecutive dates, and present them at the Republican office with 98 cents and receive your choice of Dictionary or Bible described below.

## Websters' New Revised Dictionary

bound in genuine limp leather, stamped in gold on back and sides; beautiful, strong, durable; high grade printing on high grade paper. Has many beautiful colored plates—the 1910 census, a valuable appendix, etc. This book given free for six consecutive coupons and 98c.

Or with latest patent thumb index, 20 cents additional, or \$1.18.

## Sunday School Teachers' Bible

Contains 1,350 pages, printed on fine Bible paper—clear pictures and maps, handsomely bound. It is of a convenient size, 5x7 3/4 x 1 1/2 inches. A concordance of 150 pages with over 40,000 references. For six consecutive coupons and 98c.

This offer is conditioned upon being a subscriber to the Seymour Republican.

Any book by mail, 20 cents extra for postage.

## Heart to Heart Talks.

By EDWIN A. NYE

### AT YOUR BEST.

You are at your best when you are helping somebody.

You are that divinest spectacle on earth—a man at his best—when, stirred to action by the appeal of some one who needs you, you open your heart, your hand, your purse.

It is so of man in the mass.

When a Chicago fire, a Galveston flood or a San Francisco earthquake makes instant appeal men move at their best. They act in mass on the high plane of a united ministry.

Such a response develops in a whole people all that is highest in feeling and noblest in action.

But—

Do you know that every day there is an earthquake or a fire or a flood in somebody's soul?

Every day some man's substance is swept away; every day some woman's heart is rent by an earthquake; every day some child's life is flooded by sorrow.

You do not know about it.

If you did you would sympathize and help.

The calamity may come to your next

door neighbor and you know it not. Your neighbor hides his wound. He fears humiliation or he questions the genuineness of your sympathies.

Now—

He has missed his chance to be helped by you, and you have missed your opportunity to be at your best.

It is fine when all men respond to some great call made upon the common sympathy through fire or cyclone or flood, but it is finer when the concern of your neighbor becomes your concern.

Do not wait for fire or flood.

Men and women and little children everywhere need you. They bear burdens you should help to lighten. They suffer pains you should help assuage.

The wounded, the discouraged, the sick, the poor, we have always with us. Be at your best.

Help.

Help not only because you can relieve and bless, but because by doing so you can make most of yourself and live at your best—because you can develop in yourself that which we so greatly admire when a great people responds to a great need.

If you would be at your best—

Help!

### Knew What She Wanted.

"Miss Bolde," said the shy student to the fair co-ed on the other end of the sofa, "if I were to throw you a kiss what would you say?"

"I'd say you're the laziest man I ever met!"—Minnehaha.

### CHORES FOR THE BOY.

The great loss of city boys is the loss of duties. Their sphere has been curtailed tremendously by the drawing of the city limit lines. When the boy lived on the farm or in the small town, he found plenty of things to do, which were sport in the doing and only incidentally work, says the St. Paul Dispatch. He went abroad on his duties, performing his chores, and on the way he found rich treasure which he brought back with him, and stored up for a lifetime's use. Did he go after the evening cattle, he left the soft earth move up between his happy toes and experienced a sensation of the composition, yes, and the poetry of the soil which the city boy can never know, however much he bars feet to the asphalt. Every turn he made in his chores, in wood or field, in barnyard or stable, he found something to make it pleasure—were it only the exercise of muscles. The country boy had his limitations, no doubt. The city boy has his advantages, if he only knew how to take them. He has vastly more material in hand out of which to stimulate his imagination, to quicken his intelligence—if only he could retain, or his parents retain for him, some of the duties of old, some of the chores which would give ballast to his life. This may be the day of the "division of labor," and the hired man of the furnace and the lawn may perhaps do his work more steadily and more explicitly than the boy of the house. But the boy should be considered in this division, and parents should not make their lives so easy that they rob him of doing his immemorial chores.

At a meeting of the Linnean society of London, Prof. Poulton presiding, a letter was read from Herr Paul Scherdlin, as follows: "For hundreds of years pigeons have nested on the spire of Strassburg Cathedral. They increased so much that many attempts have been made to extirpate them, but in vain. During the last few years there has been a sudden and startling diminution in the number of these cathedral pigeons. I am of the opinion that this manifest reduction is due to the asphaltting of the streets round the cathedral. Between the stone sets of the pavement the pigeons were able to pick up food in quantity. In consequence of the asphaltting and daily watering and cleansing of the places in the immediate neighborhood the birds have gone."

A woman in Pennsylvania is in jail because she married ten husbands in a vain endeavor to find a perfect one. In the meantime, the wife of the perfect one hunted was getting a divorce from one because she could not stand his perfection. It is impossible to please the women.

Astronomers tell us that the Martian year lasts 730 days. When we reflect on the size of the average Martian coal bill we are thankful to be living on this little old earth.

The Georgia observer who says he saw a flock of robins that had been made drunk by eating berries failed to mention whether they were yellow or blue and pink.

Armor plate is like cheese, according to Hudson Maxim. This is the first time we have heard Andy Carnegie referred to as a cheese magnate.

That report of King George inventing a coal-saving cook stove was sprung just at the moment when it would make him most popular.

It is quite unnecessary to put the Chicago date line over the story that a woman physician praises big feet as indicating big intellects.

The new Chinese government will be called the Ching Hwa Republic. But the irreverent will probably call it the Chink Republic.

It is concert when the other man has it; when we have it ourselves it is merely a proper appreciation of our own abilities.

Thus far no swindler has attempted to swindle anybody by selling a brick coated with a thin covering of butter.

More than 100 of New York's chauffeurs have criminal records, a fact easily believed by many a mere pedestrian.

A Connecticut girl says she is in love, but refuses to wed until she can vote. All's fair in love and politics.

A 90-pound Boston woman beat her 200-pound husband into unconsciousness. Chivalry could hardly go further.

One of the easiest ways to start a family quarrel is to compile a list of the "Ten Most Beautiful Women."

What has become of the old-fashioned man who used to discover perpetual motion?

### VALUABLE ADVICE

Seymour Citizens Should Profit By The Following Statement.

Doan's Kidney Pills cured this Seymour resident.

Their merit was shown—the story told.

Now comes further evidence.

The testimony is confirmed.

The remedy was tested—the cure lasted.

Could Seymour residents demand stronger proof?

It's Seymour testimony. It can be investigated.

Mrs. Lydia Owens, 426 Jackson St., Seymour, Ind., says: "Several years ago I had pains in the small of my back and was also subject to headaches. My kidneys were badly disordered and I attributed my trouble to the failure of the kidneys to do their work properly. When I learned of Doan's Kidney Pills, I immediately procured a supply and their use corrected my trouble. I know of other people who have taken Doan's Kidney Pills and praise them as highly as I do." (Statement given in 1906.)

### NO TROUBLE SINCE.

On April 14, 1910, Mrs. Owens was interviewed and she said: "During the years that have passed since Doan's Kidney Pills cured me, I have been entirely free from kidney trouble. I am constantly recommending this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### A Seasonable Magazine.

June days bring diversions, so the June number of Lippincott's Magazine has been carefully attuned to the season of roses and recreation. It is planned to amuse, not to instruct, or, if so, only through the channel of enjoyment.

### Porto Rico's New Wonder.

From far away Porto Rico came reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit. 50 cents and \$1.00. Trial bottle free. Guaranteed by The Andrews Drug Co., Seymour, Ind.

### Advertised Letters.

The following is a list of letters remaining in the postoffice at Seymour, Indiana, and if not called for within 14 days will be sent to the dead letter office:

#### LADIES.

Seefeld, Mrs. F. W.  
Thomas, Miss Gertrude (2)  
Appleton, Mrs. John.  
Parker, C. W.

May 20, 1912.

EDWARD A. REMY, P. M.

### A Great Building Falls

when its foundation is undermined, and if the foundation of health—good digestion—is attacked, quick collapse follows. On the first signs of indigestion Dr. King's New Life Pills should be taken to tone the stomach and regulate liver, kidneys and bowels. Pleasant, easy, safe and only 25 cents at The Andrews Drug Co., Seymour, Ind.

Rev. M. E. Prather of Columbus, supplied the pulpit at the First Presbyterian church Sunday morning. Rev. Prather and family were guests of Mr. and Mrs. J. E. Graham.

### Fifty Years Ago Sunday. May 19.

Lincoln annulled the proclamation of emancipation issued by General David Hunter on May 9 and reserved to himself, as commander in chief, the power of declaring freedom. The United States military telegraph under Major T. T. Eckert was in operation from Fortress Monroe to within fourteen miles of Richmond, where the terminal office was in a sawmill.

### Twenty-five Years Ago Sunday

Jay Gould testified before Pacific railroad investigation commission.

## God's First Question

By Rev. Parley E. Zartmann, D. D.,  
Secretary of Extension Department Moody Bible Institute, Chicago

TEXT—And the Lord God called unto Adam and said unto him, Where art thou?—Genesis 3:9.

This is God's first question so far as we have any record. He is the great questioner, and a study of his interrogations is most instructive. Sometimes he asks a question to awaken us, sometimes to discover to us our greatest need, sometimes to encourage our wavering faith, and sometimes to give us a greater confidence in himself.

This first question occurs in the first great tragedy of the human race. It began with the devil's insinuating question arousing doubt in the mind of Eve, and ended, so far as Adam and Eve were concerned, with their expulsion from the Garden of Eden.

1. Environment is not proof against temptation. The story of Eden is the unfulfilling and satisfactory answer to that theory. Sometimes the greatest sinners have the least excuse for their misdeeds. Thank God we have a Gospel, and a Savior, and a grace which can make the foulest clean, and which is equally effective in the case of the most cultured and refined.

2. Eve was doomed as soon as she began to discuss the matter with the serpent. Had she said "Get thee behind me, Satan," what misery would have been saved the human race.

3. Self-deceit is an early step toward ruin. When Eve was trying to convince herself that her sin was pleasant, she opened the door to a troop of evil thoughts, and made sin's progress easy.

4. One sinner helps to make another. It is bad enough, and sad enough, that our sins entail suffering and misery on ourselves, but how much sadder is it that in going down we take others with us.

Adam and Eve had to choose, and they made a wrong choice. God pity them, and pity us, for wrong choice is sin. The greatest lesson of the tragedy is that sin always defeats the purposes of the soul. "There is a way which seemeth right unto a man, but the end thereof are the ways of death."

### Results of Sin.

1. Shame and fear. "And the man and his wife hid themselves from the presence of God." It is always so with the sinner, and there are two reasons for this—God's holiness and man's sinfulness. No, hiding will not cover sin nor end it, and continuance in sin ultimately brings a harvest of shame and fear. Though you may hide behind false hopes, though you offer a thousand excuses for your transgression, though you boast of your self-righteousness, though you blame your environment for your sin, God hunts you out and says "Where art thou?"

Are you ashamed of your sinful condition, and are you afraid of God? There is only one end to the misuse of Eden and that is:

2. Separation and isolation. This is sin's worst effect. It sent the prodigal into the far country, and cast him off from his father's house. Finally sin separates us from the holy, and isolates from heaven. "For know ye not that the unrighteous shall not inherit the kingdom of God, be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with men, nor thieves, nor covetous, nor tricksters, nor revilers, nor extortionists shall inherit the kingdom of God."

These two things make hell. For we can think of no worse condition than the conscious shame and fear, and the eternal separation and isolation of the soul. A converted miner was asked, "Where is hell?" He said, "At the end of a Christless life." But that whole life has all these characteristics.

Oh to have no hope in Jesus  
How dark this world must be.

The best part of the story is left until the last. The question really shows us God's heart. He is not a policeman hunting us out that he may punish us, but a loving father, sad without us and loving us with an everlasting love. He is seeking us by his mercies, by the wooing of the spirit, by the ministry of the Gospel, by the providences which surround our lives, by a thousand things which tell us of God, and heaven, and eternity. Who can tell all that is meant by God as a seeker, going after the erring one and saying, "Where are thou?" The sinner is the lost sheep.

"But none of the ransomed ever knew how deep were the waters crossed, Nor how dark was the night that the Lord passed through Ere He found His sheep that was lost."

But there is a ray of hope in the story—the promise of a Redeemer: "I will put enmity between thee and the woman, and between thy seed and her seed; he shall bruise thy head, and thou shalt bruise his heel."

### How's This?

We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN,  
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c. per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

### TWENTY DIVORCES GRANTED.

Record For Jackson County During Past Year.

According to the state report just issued twenty divorces were granted in Jackson county in 1911. Of this number, seven were granted to husbands and thirteen to the wives. The statistics also show that there were a total of 205 marriages in the county last year.

The figures prepared by Thomas W. Brolley, state statistician, show that there was one divorce to each six marriages in the state.

Mr. Brolley's figures show the comparative number of divorces granted in Indiana courts and the total number of marriage licenses issued during the last ten years.

The total number of divorces granted in Indiana in 1911 was 4,920, and in 1910 the total was but 4,630. The total number of marriage licenses issued during the year was 30,345, while in 1910 the total was 30,667.

Men were the heaviest offenders in the domestic realm, divorces being granted to 3,677 wives in 1911 and to 1,243 husbands.

Cruel treatment formed the basis of the greatest number of conjugal difficulties, as shown by the returns which included 1,478 divorces granted to wives from that cause, and 477 to husbands. On grounds of abandonment, divorces were granted wives in 728 instances and husbands in 414 instances. Statutory charges allowed wives divorces in 216 instances and husbands in 228 instances.

Criminal convictions figured in the returns, fifty divorces being given wives on that ground and two being given husbands. Drunkenness was responsible for 385 divorces granted wives and 46 granted husbands. Failure to provide gave 677 wives their freedom.

### Flagged Train With Shirt.

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes. "My stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at The Andrews Drug Co., Seymour, Ind.

### BODY BURIED

Remains of the Late Frank McCormick Interred at Brownstown.

The remains of the late Frank McCormick were buried at the Brownstown cemetery Sunday. He was killed in a train accident in Needles, Cal. January 25, and the body was interred in a cemetery there, but was taken up and brought here for burial. Short services were held at the grave. L. B. Thompson and family and Ralph B. Downing and family, of this city, went to Brownstown to attend the services at the cemetery.

### Only a Fire Hero.

But the crowd cheered, as, with burned hands, he held up a small round box, "Fellows!" he shouted, "this Bucklen's Arnica Salve I hold, has everything beat for burns." Right also for boils, ulcers, sores, pimples, eczema, cuts, sprains, bruises. Sures pile cure. It subdues inflammation kills pain. Only 25 cents at The Andrews Drug Co., Seymour, Ind.

### Fifty Years Ago Today. May 20.

Treaty between the United States and Great Britain for the suppression of the slave trade ratified in London. Lincoln signed the homestead act. The advance guard of the Army of the Potomac reached the Chickahominy river.

The new iron ocean liner Scotia, second largest afloat, arrived in New York ten days from Liverpool; length 367 feet, speed nineteen miles an hour.

### Twenty-five Years Ago Today.

Natural gas discovered near Buffalo, N. Y.

## S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruptions or disease. Book on the blood and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

## ROOSEVELT FOR "RULE OR RUIN"

At Least That Is What Mr. Taft Says.

### BITTERLY ARRAIGNS OPPONENT

Angered by Colonel's Continued Accusations, the President Shows His Feelings in a Statement Which Is the Most Severe He Has Uttered Against His Predecessor, and Open Break Is Now Regarded as Certain.

Cincinnati, May 20.—Accusing Theodore Roosevelt of being a traitor to his party and of having forfeited his right to stand as a candidate in a Republican convention, President Taft has issued a statement which quite plainly shows that the president believes Roosevelt is going to bolt in the event of his (Taft's) nomination at Chicago. He characterizes Roosevelt's course as one of "rule or ruin" and declares that his reported statement Saturday night in Cleveland that he is the Republican party finds no parallel in history save in the words of Louis XIV: "The state? I am it." The issuing of this statement, it is believed, removes the last hope that Roosevelt will yield in the event of Taft's nomination.

This statement is the most severe that the president has uttered against Roosevelt. Mr. Taft was angered by Roosevelt's continued accusation against him in Cleveland and plainly showed his feeling. An open break in the party is now regarded as certain in the event of the Taft people winning at Chicago. Rumblings are being heard among Ohio Republicans in favor of the elimination of both Taft and Roosevelt, but many think it is now too late.

Senator Dixon, Roosevelt's campaign manager, was in town Sunday afternoon. He was asked what Roosevelt's recent statements meant, whether or not the colonel intended to bolt if Taft was renominated. His reply was somewhat evasive. He said he supposed the colonel was merely giving a hint that he would not stand for unfair work at Chicago.

The colonel is not coming to Cincinnati today on the last lap of his Ohio campaign. When he leaves the state late this afternoon on his way home, he will have carried his campaign into every congressional district in the state except the two which represent Cincinnati, the president's home. He will have traveled between 2,500 and 3,000 miles and made over seventy speeches.

### TWO WERE DROWNED

That Death List Was Not Greater Is a Wonder.

Seattle, Wash., May 20.—One hundred and fifty persons were plunged into Puget sound Sunday morning when the chains holding a gang plank leading from the dock to the steamer Flyer, broke. From a struggling, shrieking mass of humanity, two persons were brought to the shore dead. They were Mrs. H. Leonard and Carl Bruden, aged three, both of Seattle. More than fifty injured persons were rushed to hospitals and others to private residences.

The accident occurred while the steamer Flyer was taking on a load for Tacoma. The crowds were jammed on the gang plank as thick as they could stand, and the weight was too much for the chains. Pandemonium reigned for a few minutes and there was great danger that those in the water would be crushed between the steamer and the dock piles.

Passengers on the Flyer threw life belts into the bay by scores. Many of those floundering about were hit and badly hurt by the heavy belts. Ropes and boathooks were lowered to the struggling mass of humanity from the dock, and many were saved in this way. The piling under the dock saved many lives.

### Run Down by Auto Truck.

Richmond, Ind., May 20.—A big automobile fire truck owned by the city killed one man, injured several others, caved in the front of a building, felled two telegraph poles and demolished a rig and knocked down a brick fence in answering an alarm of fire. Isaac Parry, sixty years old, who was standing on the sidewalk was instantly killed when the truck left the street and crashed into the building.

### WEATHER EVERYWHERE

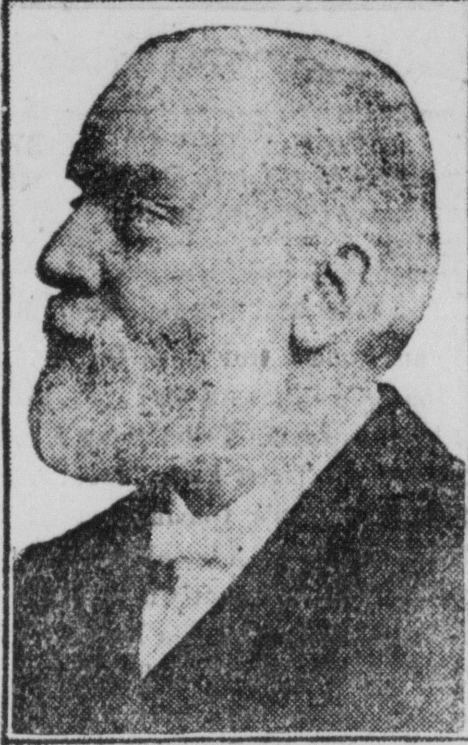

Observations of United States weather bureaus taken at 8 p. m. yesterday follow:

	Temp.	Weather
New York.....	68	Pt. Cloudy
Boston.....	66	Clear
Denver.....	52	Pt. Cloudy

St. Louis.....	80	Clear
New Orleans....	74	Cloudy
Washington....	76	Clear

Showers and cooler.

### REV. W. H. ROBERTS

For Many Years Stated Clerk of Presbyterian General Assembly.

## PRESBYTERIANS PUT PRECEDENT TO ROUT

Clerk Roberts's Iron Clad Docket Broken.

Louisville, Ky., May 20.—A significant bit of insurgency broke out in the Presbyterian assembly when the executive commission, desiring to present an important subject, today asked for an order postponing all other matters of business until they could dispose of this one subject.

Stated Clerk Roberts, as creator and guardian of the ironclad docket, protested that the request violated all precedents of Presbyterian legislatures. His objection was overruled. It took a two-thirds vote to break the traditional docket, but the affirmative shout from the commissioners in favor of the innovation was so overwhelming that Dr. Roberts had no heart to call for a test vote.

Immediately afterward the passing of a similar order for Thursday still more hopelessly fractured the time-honored custom.

### Methodists Retain Old Rule.

Minneapolis, May 20.—Methodism's book of discipline will remain as rigid as before, at least for the next four years. On a viva voce vote the paragraph relating to proscribed amusements was retained by the general conference. The vote was 446 to 369, leaving a narrow majority of seventy-five in favor of retention.

### FUNERAL OF A KING

The Body of Frederick VIII, Lying in State in the Palace.

Copenhagen, May 20.—The chapel in the Christiansborg palace, where the body of King Frederick rests, was opened to the public for the official lying in state of the dead monarch this morning. The coffin, which is covered only with the royal flag, is placed on a high gold and black catafalque. Over it there is a royal mantle of red velvet on which there is wrought a golden crown which is lined with ermine. Over the foot of the coffin are the orb and scepter and the king's sword, orders and shield. There are silver candelabrum at each corner of the coffin and also historical silver lions from Roseborg castle. There are about 2,000 wreaths on the floor.

### Aeroplane Plunged Into Crowd.

London, May 20.—While a military aviator was descending at Amesbury a crowd of the curious which had collected rushed and before the police could straighten things out one person was killed and four injured.

### TERSE TELEGRAMS

The battleship Texas, greatest of the superdreadnoughts yet constructed for the United States navy, was successfully launched at Newport News.

James Barr, aged twenty, of Lynn, Mass., was killed by a fall of about 2,000 feet from a balloon while making an ascension at Nahant. His parachute failed to open.

Three students in the general seminary of the Protestant Episcopal church at New York have left the seminary to begin studying for the priesthood of the Roman Catholic church.

The great seal of the Confederate States of America, which disappeared half a century ago, has been found, and will be placed in the Confederate museum for the Battle Abbey now under construction.

On the eve of the contest at the Ohio primaries it looks as if Ohio's forty-eight delegates to the Chicago convention are to be divided about equally between Taft and Roosevelt, with the odds favoring Roosevelt.

In a pistol duel at Millwood, Ga., the Rev. C. C. Bennet was killed and Carey Bennett, his cousin, wounded. The duel was the culmination of trouble between Carey Bennett and the Rev. Bennet about attentions paid by the former to the latter's wife.

## MINERS GLAD TO RETURN TO WORK

Final Agreement Will Be Signed Up Today.

### CLEARING OUT THE COLLIERIES

Repair Men Will Report at Once and in Most of the Mines Work Will Be Resumed the Last of This Week or the First of Next—Something Regarding the Enormous Cost of the Eight Weeks' Suspension.

Wilkesbarre, Pa., May 20.—Arrangements have been completed by President White of the mine workers' union and other officials for a final conference with the coal operators' committee at Philadelphia this afternoon. At this conference the agreement by the convention will be signed and the suspension of work, which has lasted seven weeks, will formally cease. President Baer of the Philadelphia & Reading, the chairman of the committee, sent word here that he would endeavor to have the other members at his office by 3 o'clock this afternoon.

Sunday throughout the region the delegates who attended the convention were welcomed by their local unions and their course in deciding to support their national officers and adopt their report and recommendations was heartily indorsed.

Officials of the coal companies are no less pleased and they will get the mines in shape for a resumption of work quickly. Repair men who will report at once may clear out some of the mines where water and gas have gathered so that coal may be mined on Wednesday, but mining in most of the collieries will have to be deferred until the end of this week or the beginning of next. Many of the mining officials praise President White highly and declare their faith in him as a conservative and thoroughly reliable leader.

The suspension started seven weeks ago today, but as most of the mines will not resume until next week, the period of idleness will be practically eight weeks. In that time the losses due to the suspension are estimated as follows: Loss in wages of mine employees, \$17,000,000; loss to coal companies in net profits, \$10,800,000; loss to sellers of supplies and materials for mining, \$5,000,000; loss to railroads in coal freight charges, \$19,000,000; loss in wages of idle coal train crews, \$250,000; loss to merchants in trade, \$16,000,000, or a total of more than \$68,000,000.

### READY TO DIE

Murderer Richeson Apparently Reconciled to His Doom.

Boston, May 20.—Unless something unforeseen occurs, Rev. Clarence V. T. Richeson, the slayer of Avis Linnell, will be sent to the electric chair shortly after midnight tonight. General Bridges, warden of the prison, upon whose shoulders falls the unpleasant duty of carrying out the court's order, is not permitted by law to make public the exact time when an execution is to take place. He is allowed, however, to notify witnesses. The law reads that the execution shall be between midnight and sunrise, and it is understood that the young Virginian will take leave of this world between 12:01 and 12:30 o'clock on Tuesday morning.

Richeson is ready to die. He sent this word to Warden Bridges: "I'm all ready to go to the chair. You need not be afraid that anything will happen. The sooner I die the better for myself and all concerned."

The condemned man spent his last Sunday on earth discussing religious topics with the clergymen in attendance upon him.

### Ends Life, Fearing Disease.

Lafayette, Ind., May 20.—Fear that she was a victim of tuberculosis caused Miss Blanche Howard, twenty-three years old, to end her life by swallowing two ounces of carbolic acid. She died three hours after taking the poison. Last winter Miss Howard contracted a severe cold and one of her lungs was affected as a result. This seemed to worry her.

### He Was Disappointed.

Lebanon, Ky., May 20.—R. H. Lambe found some rock near Bradfordsville which appeared to contain gold, and sent several specimens to an assayer. He has been notified that the metal is gold, but that it only runs \$1.20 to the ton and the limit at which it could be worked profitably is \$3 a ton.

### Costly Blaze at Houston.

Houston, Tex., May 20.—One million dollars' loss was the toll claimed by fire in the central business district of Houston early Sunday morning. The fire originated in the six-story Stowers building, destroying that structure and three other buildings and damaging four others.

Mohonk Lake, N. Y., May 20.—The Lake Mohonk conference on international arbitration adjourned following announcement of the inauguration of a nation wide movement to link the churches of the United States to the movement to secure international peace.

### R. E. CABELL

Internal Revenue Collector Who Levies Corporation Tax.

Washington, May 20.—That general business conditions were better in 1910 than in 1911 is indicated in a statement made public by Commissioner of Internal Revenue Cabell, analyzing the corporation tax returns for the last two years. The tax returns, which are an index of business conditions, show that in the first ten months of this year the returns for that period amounted to \$28,278,118, or \$1,154,236 less than in the corresponding period of last year.

## WILL BE PROTECTED AGAINST THEMSELVES

Uncle Sam Takes a Hand In Panama Campaign.

Washington, May 20.—At the registration booths in Colon today the committee appointed by President Taft to supervise the elections to be held in the republic of Panama began their work. The commission, which consists of United States Minister Dodge, Colonel Goethals, in charge of the canal construction, and Colonel Greene of the army, have met with representatives of the administration and opposition parties and agreed upon a scheme of procedure. It is proposed to have the registration of voters take place in the different districts successively. Some member or members of the commission will attend each registration, accompanied by a small guard of soldiers or marines. It is proposed that the commission adjust promptly any disputes which may arise between the factionalists at the polls. The supervision will also continue in effect until the actual voting for candidates has been completed.

This commission was appointed by President Taft at the request of both parties in Panama. The leaders of each feared that partisans of the others would cause disorder at the elections, unless the United States took a hand. Their fears proved well founded, as a number of riots occurred in the early days of registration. The Panama elections will take place in July.

### Big Levee Gave Way.

New Orleans, May 20.—While the government engineers were battling with the Mississippi river flood at Hymella, the levee on the left bank of the Atchafalaya river in front of Dr. Gordon's plantation and a mile above Odenburg, gave way. The water rushed in a southerly direction through Avoyelles parish and into St. Landry. The water at Melville, twenty miles to the south, is waist deep. The break is 200 feet and rapidly growing wider.

### Harry New to Decide.

Chicago, May 20.—The members of the subcommittee on arrangements for the Republican national convention adjourned here without naming a temporary chairman for the convention, the committee deciding to leave the selection of a temporary chairman to Harry S. New, chairman of the subcommittee.

### THE NATIONAL GAME

Contests in the Three Big Leagues Noted Here at a Glance.

## GASOLINE CARS ON RAILROADS

Innovation May Revolutionize Transportation.

### TO BE TRIED OUT IN INDIANA

Two Roads Already Have Purchased Cars of This Type and a Couple of Interurban Companies Have Requested Demonstrations with a View to Installing the New Motors—Railroads Interested in Developments.

Huntington, Ind., May 20.—An entirely new type of railroad passenger car that bids fair to revolutionize the transportation methods of the state was assured introduction into Indiana when Judge Cook of the Huntington circuit court granted permission for the purchase of three gasoline electric cars for the C. B. & C. railroad.

The short line which operates between this city and Portland and about which a heated dispute centered until a short time ago, when Judge Cook refused its sale for electrification purposes, will discard its steam passenger trains before Aug. 1 and begin the exclusive use of the new invention.

The prediction of J. C. Curtis, receiver of the C. B. & C., that the gasoline electric will eventually create a new epoch in the railroad history of the state, seems to be borne out by added developments. It has become known that three cars have been purchased by the Chicago, Terre Haute & Eastern at Terre Haute. Five others will be purchased by this line immediately, it is understood. Furthermore it has developed that at least two interurban companies of northern Indiana have requested demonstration and that the subject of purchase is being given serious consideration by them.

### BIG FIRE LOSS

Marion's Business District For a Time Was Threatened.

Marion, Ind., May 20.—For more than twelve hours every member of the Marion fire department and scores of volunteers fought flames in big buildings on Courthouse square which entailed a loss estimated to be in excess of \$200,000. It was the worst fire in the history of Marion and for several hours the whole business section of the city was threatened. Mayor Wilson called on Kokomo for help, that city responding by sending firemen with hose and other fire-fighting apparatus.

Among those who suffered heavy losses was the First National bank, the fixtures in which were destroyed, the estimated damage being \$15,000. The Woolworth Five and Ten Cent store was destroyed, the stock, valued at \$7,000, being consumed. There was also a heavy loss in the Swayzee market. Several small business concerns, as well as professional men and residents on the upper stories, were heavy losers.

### WEEKLY WAGE

This Is the Chief Stumbling Block in the Case of the Miners.

Terre Haute, Ind., May 20.—After three days spent in joint conference and joint scale committee sessions, the Indiana coal miners and operators adjourned over Sunday without having accomplished anything toward making a settlement of their troubles. According to leaders of both sides the principal barrier in the way of effecting a settlement is the miners' demand for the weekly pay.

Both sides are arrayed in stubborn contest on this proposition. With the arrival in the city early this week of John P. White and Frank Hayes, president and vice president of the International Organization of Mine Workers, it is believed that a basis for a settlement will be worked out.

### Odd Fellows' Grand Lodge.

Indianapolis, May 20.—Nearly every I. O. O. F. lodge in the state will be represented at the semi-annual convention here Wednesday and Thursday, and, together with the representatives of the Rebekah assembly, which convened today, about 2,000 visitors will be in the city. The latter organization opened this afternoon at 2 p. m., with a reception to the officers. The business meetings of the Rebekahs will continue through tomorrow, when the new officers will be announced.

### Big Shortages Alleged.

Indianapolis, May 20.—The state board of accounts has sent to Governor Marshall reports of shortages in the accounts of six former officials of the city of East Chicago, Lake county, which showed a total of direct charges against the officials of \$9,362.39, and a total in constructive charges of \$5,653.95.

### They Began Young.

Indianapolis, May 20.—Confessions by two gangs of boy burglars who had been arrested and were questioned at police headquarters cleared up a long list of robberies which have been puzzling the police, and disclosed a well organized plan of thieving. The boys confessed fourteen robberies of stores and dwelling houses.

### JAMES M. LYNCH

Is Again Elected President of the International Typographical Union.

Photo by American Press Association.

Indianapolis, May 20.—Returns received at the union's headquarters here on the vote cast in unions throughout the United States and Canada show the re-election of President James M. Lynch and his entire ticket for officers of the International Typographical union. A fight was made on the Lynch administration by an element of radicals and agitators led by Fred Barker of Spokane.

## FIRE LOSSES IN THIS COUNTRY EXCESSIVE

Permanent Waste of Property Appalling.

Albany, N. Y., May 20.—The fire losses in this country and Canada for 1910 and 1911 were excessive when compared with the year 1909, according to the annual report of the state insurance department. The losses for 1911 are stated to have been something over \$234,000,000. This, roughly speaking, based on population, would make a per capita loss of between \$2 and \$3, as against an estimated per capita loss in Europe of less than 40 cents.

"It would seem," says the report, "from these figures that the consideration of the important question of fire prevention, which has had more or less attention from the press and from the legislatures of various states in the past two or three years, has not yet shown any appreciable general results. It deserves a most intelligent and painstaking study followed by prompt and effective action. It is a matter of the first importance to this country, where the permanent waste of property values by fire is appallingly large. The recent organization of fire prevention bureaus and societies in several states is beyond doubt a long step in the right direction, and will, if properly managed and extended, produce results of great value."

### FINALLY GOT HIM

Self-Exiled Among Lepers, Brother Dutton Has Been Stricken.

Boston, May 20.—Confronting death with as much fortitude as his noted predecessor, word has been received in this city that Brother Ira Dutton of the Dominican order, a former New England man, has been stricken with leprosy in the island of Melokai, in the Hawaiian group. He is the last of the pioneer nurses who first took care of these unfortunate of the islands of the north Pacific.

Brother Dutton succeeded Father Damien, who made a name for himself by his segregation and care of the lepers in the Sandwich Islands. Father Damien contracted leprosy and died, but from the time he was stricken until he passed away he never complained of his fate, which he knew he could not avoid.

Brother Dutton, or Captain Ira Barnes Dutton, as he was known before entering the missionary field, is a civil war veteran. He joined Father Damien in 1886, and after the latter's death took up the work where Father Damien left off. Now after twenty-six years of labor, he has also fallen a victim to the ravages of the disease.

### The Strike of the Tigers.

Philadelphia, May 20.—Ban Johnson, when asked his position on the strike of the Detroit baseball team, refused absolutely to discuss the matter. It is said that Owners Noyes of the Washington club and Farrell of the New York club have been summoned here for the conference and that the entire question will be settled by these two men in conjunction with Owners Navin of Detroit, Shibe of Philadelphia and Johnson.

The Mexican rebel force is so scattered, it is stated, that the federals are finding it difficult to locate the revolutionist army.

# THE MONSTER ALTERATION SALE

STARTS OFF WITH A RUSH

## Ladies' and Misses' Ready-to-wear Garments at VERY LOW PRICES

All of our Tailored SUITS, including WhipCords, Hair Line Serges and many others; divided into three special lots:

**\$5.00** **\$10.00** **\$15.00**

will buy choice of our Misses' and our Ladies' Suits that formerly sold for \$10.00 & \$12.50.

will buy choice of our handsome Tailored Suits, which formerly sold at \$18.00, \$20.00 & \$22.50.

will buy choice of our high class Models, beautifully Tailored, former price \$30.00 & \$35.00

Attractive Cloth COATS priced very low at this sale, **\$5.00** **\$7.95** **\$10.00**

Many of the most charming styles are still to be chosen from; not of course in all sizes, but you'll surely find what you want, and just consider what you can save.

One Lot of Cloth and Silk Dresses, sold up to \$15.00. Sale price, choice..... **\$5.00**

Silk and Chiffon Waists, former price from 3.50 to 5.00, Alteration Sale price..... **\$1.98**

Three Months.....1.25  
One Month......45  
One Week......10  
**WEEKLY**  
One Year in Advance.....\$1.00

MONDAY, MAY 20, 1912.

The favorable weather for the past few days is welcomed by the farmers of Jackson county as it gives them an opportunity to do some of the much needed work upon the farms. Several authorities who have given farm conditions in this locality considerable attention declare that the prospects for the farmers are not as discouraging as first believed. While the farmers have been unable to put in the usual amount of oats and other grains and the wheat is below the average, prospects for a good corn crop are bright. It is also stated that the wheat will be light but that the price will be much higher than normally and that the returns from the wheat fields may not be so greatly reduced when the crop is sold.

Today closes the Ohio Presidential primary and the result of tomorrow is awaited with interest. According to the statements of the managers of both President Taft and Col. Roosevelt the result of Ohio will not put either of the two candidates out of the race. However, that primary will be a determining factor and after the returns are in, it will be pretty well decided who the Republican candidate will be.

### POSTAL SAVINGS

Of Austin and Freetown Will be Sent to Seymour Office.

Postmaster E. A. Remy has received a notice from the Post Office Department of Washington that the postal saving accounts of the Austin and Freetown offices will be sent to the local office. This is necessary as there are no banks in either of the towns which are qualified to take the post office money.

The postal savings department of the Seymour office has increased considerably since it was opened here a few months ago. While the postmaster is forbidden under the postal rulings to give out any information regarding the amount of money deposited in that department, it is understood that the accounts of the Seymour office are much larger than in any of the cities of this size in southern Indiana. The clerk of the postal savings department of the local office has been highly recommended by the post office department for the efficient manner in which he keeps the accounts of the department.

Under the new ruling all persons desiring to convert their deposits into postal saving bonds are required to file their applications with the clerk before June 1. Under the former old ruling it was only necessary to give 15 days notice but now the application must be filed at least 30 days before the bonds are issued. The bonds are made out twice a year, in July and January.

Big slaughter sale now going on at the Day Light Dry Goods Store. d&wtf

### MILLERS WILL MEET

Indiana Association Will Hold Annual Session Tuesday.

The ninth annual meeting of the Indiana Millers' Association will be held at Indianapolis tomorrow. T. S. Blish, of this city, is the secretary of the association.

One of the discussions most interesting to the millers will be "How and Where Are We Going to Get Wheat This Year?" to be led by George H. Lewis of Lawrenceburg. Millers say that the subject is a serious one, as the wheat crop in Indiana, it is said, will fall far below the average.

A crop report from every county in the state, comparing conditions with those of last year and giving the amount of acreage, will be presented to the meeting for discussion.

Among the other subjects that have been announced are "The Law in Indiana on Flour Packages," by H. E. Barnard, state food and drug commissioner; "Grain Door Equipment and Necessary Legislation," by C. B. Riley, secretary of the Indiana Grain Dealers' Association; "Cost of Manufacturing and Selling," by Edgar H. Evans, president of the Indianapolis Board of Trade, and a "round-table" discussion on "What Can We Do to Improve Flour Milling Conditions" and "The Probable Production and Price of Feed This Year."

Don't miss your chance to get a bargain at the Day Light Dry Goods Store. d&wtf

Republican Want Ads Pay.

## T. R.'S FORCES DIVIDED ON MOVE

(Continued from first page)

assimilation that will permit the latter to run as a sort of sideshow to the campaign.

Naturally, all of their plans hinge on the outcome of the convention at Chicago, but they have heard such glad tidings from the Roosevelt national managers during the present week that they have come to feel that the present unpleasantness is about all over, but the shouting and bonfires.

It is evident in Indiana that the Rooseveltian element is divided somewhat along the lines manifested in the Socialist National Convention here this week. Among the Socialist delegates the "reds" were those who desired something very strenuous—something very far in advance of everything tried in the last.

The "yellows," or "intellectuals," wanted to hold back a little and try out more rational doctrines. The "reds" on the Roosevelt side are showing a disposition to gobble up the entire party and to run rough-shod over the organization and all of its followers.

The "yellows" are saying: "Let us be more lenient, because we may need the help of the organization during the campaign." Charles Campbell of Shelbyville, who is the real head of the Roosevelt wing of the party in this state, is urging his followers to do nothing rash. He says that it would be foolish for the Republicans of Indiana to have two headquarters at Chicago.

The addition of the Fourth to the list of contested districts in Indiana has caused considerable surprise for the reason that the Taft men won by a margin there that was regarded as regular and legitimate. The roll call in the Fourth showed that there were 56 Taft delegates to 46 for Roosevelt. Fifty days after the convention it was discovered by the Roosevelt leaders that there were grounds for a contest in the Fourth, so two more delegates are set aside as doubtful.

One of the Roosevelt leaders explaining the situation in Decatur and Jackson Counties were not elected legally. He maintained that there was one illegally elected Taft delegate in Johnson County.

He asserted that evidence would be presented on which the vote of Decatur and Johnson Counties would be thrown out. That would leave the district a tie, but with the seating of a Roosevelt delegate from Johnson County the Roosevelt contingent would have a majority of one in the district.

It was pointed out to him that there was no "rump" convention in the Fourth. He replied that the Roosevelt candidates for delegates naturally would be given the seats if Judge Oscar Montgomery, Seymour, and Webb Woodfill, Greensburg, the regularly elected delegates are thrown out. It was admitted that the scheme by which this result is to be accomplished is rather elaborate, but it is to be tried in hopes of getting two more for the Colonel from this state.

"I wonder if Colonel Roosevelt's friends imagine they could carry Indiana if such tactics are successful," remarked Captain New, National Committeeman, on being advised of the circumstances regarding the Fourth District.

The theory of the Roosevelt managers is that if the Taft delegates from the Indianapolis district can be thrown out there will be nothing left for the National Committee to do but to seat two delegates declared by them to be delegates.

### Notice.

Having closed out our stock of Furniture, Carpets and Stoves I have decided to close up our book accounts. All those knowing themselves indebted to me will please call at the old place of business and arrange for settlement at once.

Yours truly,  
FRANK J. VOSS.

## Graduation Gifts...

We have brought together the finest collection of Jewelry for Graduation Gifts ever displayed in this city. Make your selections early while a wide range of choice is afforded. Our stock includes a wealth of inexpensive articles suitable for this purpose. Brooches, stick pins, belt buckles, hat pins, cuff buttons, sterling silver picture frames, charms and fobs, pendants, pins, etc., in all the latest approved patterns.

## Fine Watches

For the "sweet girl graduate" no more acceptable gift could be selected than one of our dainty gold watches. The beauty of these watches is that we have a superb assortment of ladies' watches in beautiful cases—all accurate timepieces.

For young men graduates the gift of supreme satisfaction is a South Bend Watch "The Master Timepiece." Give him a "South Bend"—a watch that will be treasured for a lifetime. This is the most carefully made watch in the world—a watch that will keep perfect time when frozen in a cake of solid ice or exposed to intense heat.

Our offerings in Diamonds and Jewelry are unsurpassed for high quality and prices are right. Let us assist you in making your selection for a suitable Graduation Gift.

**LAWYER PREACHED FUNERAL**

J. S. Campbell Conducted Services Over Body of Frank Coryell.

The funeral services of the late Frank Coryell, who died Friday night at the Michigan City State Prison, were conducted Sunday morning at 10 o'clock from the Uniontown church. The services were conducted by J. S. Campbell, an attorney of Crothersville. The funeral was very largely attended.

Coryell was sentenced to the penitentiary about fourteen years ago for killing a woman. The trial was held in Bartholomew county, having been venued from Jackson county. For some time Coryell had been in poor health. He is survived by his mother, two brothers and two sisters.

**COMMENCEMENT EXERCISES**

Dr. D. A. Long Will Deliver The Annual Class Address.

Wright Vermilya, of Brownstown, has accepted a position as conductor on the motor car which runs between Brownstown and Seymour.

Mr. and Mrs. George Huber and children attended the confirmation exercises at the German Lutheran church at Sauers Sunday and were the guests of Prof. Will Kastrup and family.

A number of Seymour people will go to Columbus tomorrow night to hear the address of William R. Rathvon, C. S. B. authorized lecturer of the Christian Science board of lectureship of Boston. The address will be given at Crump's theater.

The annual commencement exercises of the Indiana Law School at Indianapolis, will be held Wednesday evening, May 29 in the assembly hall of the K. of P. building. In the class are twenty-one graduates, one of whom is Harlan Montgomery of this city.

### Mrs. Knoke Dead.

Mrs. Thressa Colemeyer Knoke died Saturday evening at her home on East Fourth street after a long illness from complication of diseases. She was born June 7, 1846 in Cincinnati, O. and came to Seymour with her parents when fifteen years old.

In 1866 she was married to Sebastian Knoke and to this union three children were born two daughters and one son, Mrs. Mary Harrington, deceased, and Miss Elizabeth and Frank Knoke at home. Besides these two brothers Charles Colemeyer of this city, Frank Colemeyer of St. Paul, Minn., one sister, Mrs. Mary Kipper of Jeffersonville and one grandson, Earl Harrington, survive. Mrs. Knoke was a devoted mother and kind neighbor and friend.

The funeral services will be conducted from the St. Ambrose Catholic church Tuesday morning at 9 o'clock by Father C. J. Conrad. Burial in the Catholic cemetery.

## CLAIRVOYANT

**Mme. Brazell**

HOURS 9 a. m. to 9 p. m.

**CLAIRVOYANT AND WONDERFUL PSYCHIC.**

A genuine priestess of occultism. The master mind of the profession.

Mme. Brazell originally introduced the practice of Oriental Psychic Force in America. Her imitators are legion—none can equal.

She stands alone, possessing a force, a power, a gift—call it what you will—that none can explain, none can account for.

### HINDO MIND TELEGRAPHY.

Through the system of "Hindo Mind Telegraphy and Secret Influence" lovers are united, missing friends, hidden treasures, gold and silver mines, oil and other valuable minerals are located; cures nervousness, drink and bad habits.

**UNITES THE SEPARATED. SHE SUCCEEDS WHEN OTHERS FAIL.**

Thousands who have consulted her have been placed on the road to health, success and happiness, being brought from misery and poverty to prosperity and influence.

### SHE GIVES NOTICE OF BUSINESS

Speculation, Investment, Insurance, Changes, Travels, Health, Sickness, Love, Divorce, Marriage, Law Suits, Separation, Wills, Deeds, Mortgages Patented Claims, Collections, etc. She will tell you what trade, business or profession you are adapted for. Restores Lost Vitality.

THE SUPERIORITY of her Readings over ALL OTHERS has been recognized by the multitudes who have been fortunate enough to interview her. Crowds visit her daily. Don't fail to consult this gifted lady.

Hand reading 25c. Biz. 50c. Clairvoyant \$1.00.

**Steele House Cottage,  
No. 10 East 4th Street.**

### SOCIAL EVENTS.

#### Family Reunion.

A family reunion was held Sunday at the home of Mr. and Mrs. D. A. Baird on Central Ave. Attending the reunion were Mr. Baird's cousin, Joseph Thomas and his wife of Fort Arthur, Washington. Mr. and Mrs. Thomas spend part of the time in Florida and are returning home. He is interested in the Water Works Company at Fort Arthur.

Mr. Thomas has two other cousins, William and Miss Amanda living in this city and this is the first time that he has ever seen them.

The day proved most delightful. An elegant course dinner was served. Besides the relatives and a number of immediate friends out of town guests present were Mr. Ephraim Chasteen of Deputy; Miss Pearl Young of Edinburg and Miss Vivian Cravens of Crothersville.

#### House Warming.

Mr. and Mrs. J. A. Hilt have moved into their new home on J. L. Blair's farm two miles east of Seymour and Saturday night about seventy-five neighbors and friends surprised them by calling at their home and giving them a good house warming.

An elegant lunch was enjoyed during the evening. Mr. and Mrs. J. L. Blair and Mr. and Mrs. J. M. Ingram were among the guests.

#### Junior Party.

Ewing Shields Jr. entertained the Junior class of the Shields' High School Friday evening at his home on North Ewing street.

#### Big Sale

Will begin Tuesday, May 21st. All Millinery goods at First Cost. Don't miss it. Will receive large shipment of Genuine Hair Switches on same day. Prices lower than ever. If you need one see these. New York Store, Mrs. E. M. Young. m20d-23w

Albert Leudtke of Carr township was in the city on business today. He is the democratic candidate for auditor and while here told his friends what a good county official he would make.
